

Winner of Sage's Lifetime Achievement Award
1st place in Sage's first Circle of Excellence

Viking Management Systems scoop top honours once again at Sage's Circle of Excellence Awards

Viking Management Systems took top honours at the annual Sage Circle of Excellence awards ceremony held on 1st November at the International Conference Centre, Telford.

Sage, the leading provider of business management software, introduced the concept of a Circle of Excellence back in 2005 and Viking were the inaugural winners, taking 1st place out of 1,500 competitors.

The Circle is open to all Sage Business Partners, regardless which Sage product they sell from Sage's extensive portfolio, and only the top 1% are chosen to form the Circle.

The award recognises and rewards the Business Partner who provides outstanding customer service and whose customers are the most likely to recommend them to friends and colleagues.

Viking is now the UK's largest independent Sage 200 Business Partner having seen significant growth over the past few years.

Viking's Managing Director, Paul Barnett, says, " We are all absolutely delighted to win this award again, it reflects the hard work the staff have put in and is a wonderful endorsement from our customers. Viking was formed in 1988 with an ethos of providing total computer solutions and superb customer care. We are delighted to be recognised once again. I would like to thank all of our customers who took part in the survey and we look forward to developing our relationships into the future".
